Dear Parents

As another week draws to an end, we wanted to share with you a few photos from around school today. Please see attached a selection for you.

I think the children are going to be so excited to see the grotto in Class 2, on Monday.

Class 8 News

In class 8 this week we have been learning about the sounds v and w and writing some words developing good pen control.

We played a fun number game and counted the children, chairs, tables and stripy jumpers. We learnt that anything can be counted including ourselves!

In P.E we learnt to kick a ball and score a goal. Aref said, "You kick the ball with the side of your foot to be a good footballer." We all had fun cheering for each other.

In the role-play area we dressed up as astronauts and travelled in an imaginary rocket. We watched a fantastic presentation by budding scientist Mir who told us all about the planets in the solar system, He said, "Mars has a volcano called Olympus Mons".

We have been busy making the Christmas decorations for our classroom. We made snowflakes, snowmen with carrot noses and wrote our names for Father Christmas on our stockings. Some children decorated beautiful menorahs ready for Hanukkah . The children all agreed the room looks beautiful.
