

CLASS 6 NEWS

BY MISS MELISSA

Ready, Steady, Go! Class 6 have had a very exciting week with the highlight being Sports Day. We really enjoyed taking part in our running races and our fun run, especially the egg and spoon part where there were real eggs! Mr Shakabula was also very entertaining.

For our topic, we have been looking at safari animals. We have played some fun games and learnt interesting facts about the different animals. We have also looked at camouflage and how the animals can hide themselves in their surroundings. In arts and crafts we made binoculars which we took to the garden to see what animals we could see!

IN MATHS...

we have been exploring part-part-whole models and tens frame. We showed there are many different ways that we can represent a number.

IN LITERACY...

we have been talking about our new classes for September and what we are looking forward to, such as making new friends and playing with the playdough and toys. We discussed what our favourite memories and things to do at Broadhurst School have been and have drawn pictures and written words to show our most loved activities.

This week our role play has been hairdressers where we have had great fun washing, drying and curling our friends' hair. It has also been lots of fun dressing up in the different outfits and dresses.

We are looking forward to lots more learning next week!
